Dream Capri Premium cruise onboard our Lagoon 620 8 days / 7 nights

Flegree islands, Capri, Amalfi Coast and Sorrento Coast

From Naples Bay, discover the Amalfi coast and the stunning islands of Procida, Ischia and Capri. Set sail to “la dolce vita” and the charming colorful villages and enjoy Italian cuisine.

Day 1 – Saturday: After the check-in on board at NYC base in Pozzuoli (18:00 / 06:00 pm), we will sail for only 06nm arriving in Corricella bay in Procida. The bay is famous for its village with houses built on top of each other and side by side forming a block of different colours. The village is known to be a cheerful place, and offers a breathtaking view, especially when the sun is shining on the colored houses.

No cars there. It is possible to enjoy an aperitive or a dinner or walk to the main village only by using stairways and snaking passages, to Terra Murata or Casale Vascello. Diner on board and night at the anchor in the bay.

Day 2 - Sunday: After a dip in the sea and a typical Procidanian breakfast (lingue al limone), we head to Ischia, the largest island in the bay of Naples and a popular coastal destination, passing close to Vivara, which is connected to Procida by a bridge. This island is home to a nature reserve with rare plants, rabbits and birds. After a sailing of 8nm we will arrive in Sant’Angelo bay and Maronti beach. Certainly, the bay is amazing but don’t miss to visit the small fashionable village or Le Fumarole beach that can easily be accessed using a small path from the heart of this village.

Around 16:00 / 04:00 pm the catamaran will move in a bay close to Ischia Ponte (4nm from Sant’Angelo). Ischia Ponte is famous for its medieval castle that overlooks the bay below (Castello Aragonese). A boat dinner under the castle and a walk among the shops in Ischia Ponte will be an unforgettable experience.

Day 3 - Monday: In the morning, we set sail for 19 nm from Ischia to Capri. Get to know the island's Faraglioni rocks, visit the Blue Grotto and watch the amazing color of the water as the sunlight hits the caves. Tour of the island, passing close the famous Faro and stop to enjoy the ambience at Marina Piccola.

By landing on the most famous concrete pier in the world, do not forget to visit Capri village and its narrow streets full of shops, La piazzetta, Via Tragara, Via Camerelle etc. Every day, famous people from all over the world land on this pier from their maxi yachts.

Day 4 - Tuesday: Passing through the Faraglioni Rocks, we will head towards Amalfi coast where high mountains, with particular colors, overlook the bays of Nerano, Positano and Amalfi. After a sail of 8,5nm, you will swim in the deep water of Li Galli. Li Galli islands, the three rocky and lonely islands (Gallo Lungo, Castelluccio and Rotonda) located a few miles from the beach of Positano, mirror themselves in the limpid sea facing the pearl of the Amalfi coast. According to old legends, they were inhabited by the sirenes who seduced sailors with their melodious voice: they lost control of their ships that inevitably crashed on the rocks of the islands (this is a clear transposition in a mythological key of the dangers during the navigation). The last inhabitants of these isles have been the choreographer Leonide Massine (who built here a wonderful villa, on the ruins of an ancient Roman villa, subsequently decorated by the architect Le Corbusier) and the ballet dancer Rudolph Nureyev. Short sail to Positano, 4,5nm. Stop in Positano where the undisputed beauty of the landscape has contributed to make Positano and the Amalfi Coast famous worldwide. In Positano don't forget to buy the fresh linen dresses in style " Positano fashion", the leather sandals, the colorful ceramics and the typical Limoncello.

Day 5 - Wednesday: After breakfast heading to Amalfi (6nm from Positano), passing close to Praiano and Conca dei Marini. Short stop visiting the amazing Furore Fjord, a deep rift into the rock at the mouth of a steep valley that falls into the sea, which retains a small beach with a tiny and picturesque fishing village. Here among the picturesque "monazzeni" began the stormy relationship between Roberto Rossellini and actress Anna Magnani also know as "Nannarella" during the filming of "L'Amore".

The houses, today inhabited have been transformed into an interesting Eco-museum.

The fjord is overridden by a bridge suspended at 30 meters high, along which runs the main coast road. Here, on the first Sunday in July, takes place a high diving championship. Just behind Capo Conca we'll be in Amalfi.

Amalfi (UNESCO World Heritage Site), one of the four Italian republics, is full of history, rich of amazing and ancient buildings and museums.

The Cathedral of St. Andrew in Piazza Duomo, the Basilica del Crocifisso, the ancient arsenal of the Maritime Republic, the paper museum are just some of the wonders of Amalfi.

Day 6 - Thursday: In the morning we suggest to take a bus from Amalfi to Ravello. Perched on a rocky outcrop, at 365 meters high, Ravello is set right in the middle of the Amalfi coast, overlooking the whole Gulf of Salerno. It is one of the most popular destinations of the Divine coast, due to the irresistible fascination and fame that made it famous in the world, a perfect combination of art and music to deserve the acknowledgement as cultural heritage of UNESCO and the appellation of City of Music.

Villa Rufolo, Villa Cimbrone, Villa Rondinaia and the famous Oscar Niemeyer Auditorium will enchant you.

In the early afternoon the catamaran will head to Sorrento, leaving the Amalfi coast and entering in the Sorrento coast. It's an 18nm from Amalfi to Sorrento, where you can admire fantastic landscape and swim in beautiful bays (Nerano bay or Marina di Puolo).

Night in Sorrento bay and visiting the village by night.

Day 7 - Friday: in the mooring, take a last swim in the Sorrento bay or walk through the town. In the early afternoon, route to DYC base in Pozzuoli passing along Naples coast and admiring the city of Naples by the sea with its Castel dell'Ovo, the Posillipo hill and the Nisida island. Night in Pozzuoli Marina.
